## Death Knell Is Sounded for Police and Fire Commission

### HARDING OUT AND OUT FOR WORLD COURT

**BOARD OF PUBLIC WORKS ALSO PUT OUT OF BUSINESS**

COUNCIL COMMITTEES TO DO WORK OF OLD BODIES.

**TALK OF MANAGER**

New Council to Consider Applications, Friday—Many Matters Handled.

**NEW COUNCIL IN BRIEF**

Passed ordinance abolishing board of public works, and creating council committee on public works to handle work.

Instructed city attorney to draw ordinance abolishing police and fire commission.

Agreed to meet as committee of whole informally at 7:30 Tuesday night to consider applications for city manager.

Adopted standing rules, decided not to read minutes and voted to publish all bills paid.

Approved school board's selection of arbitrator for disagreement with Clinton and sanctioned payment of small contractors.

Fixed last week in May for "Clean-up Week."

Ordered city attorney to draw ordinance licensing pool and billiard halls.

Three members of library board reappointed by President Jensen.

Reduced treasurer's bond from \$100,000 to \$50,000.

Ordered new sewer and water mains and disposed of numerous highway matters.

In one of the most important sessions in months, the new city manager council got down to business Monday night in a two and one-half hour session.

The session was presided over by the death-knell for the board of public works and the police and fire commission, two bodies which have functioned more or less passively since Janesville became a city.

Volume of other vital business was restricted, but these two measures stand out as the most important.

**Public Works Committee**

The ordinance to abolish the board of public works, provided for vesting the powers and duties in a committee on public works, composed of the council president and two other councilmen. The measure was adopted unanimously and President J. K. Jensen appointed Councilmen A. J. Gibbons and C. Starr Atwood as the other members of the committee.

Ordinance fixing regular meeting dates for 7:30 p. m. alternate 2nd days, and making the president an ex-officio member of the committee, and the committee's powers and duties, were passed without dissent and under suspension of the rules.

Councilman George A. Jacobs, chairman of the police and fire committee, offered the resolution instructing City Attorney Roger G. Cunningham to draw an ordinance abolishing the police and fire commission, the present members of which are: George G. Sutherland, president; T. P. Burns, secretary; J. B. Francis, Dr. Guy C. Waule and M. O. Mount. The power of this body will be placed in a council committee, the size of which will be determined.

**STOLEN BOND DEALERS GET PRISON, FINES**

**MINNEAPOLIS**—Found guilty in connection with the alleged nationwide plot to dispose of more than \$2,000,000 in stolen securities, Stanley J. Korman and W. L. Lindholm were sentenced to serve seven years in Leavenworth prison and to pay fines of \$12,000 each, by Judge McGee in federal district court here Tuesday.

**MEAT STOREHOUSE BURNS IN CHICAGO**

**CHICAGO**—Believed under control, fire that Monday night partly destroyed a storehouse of Morris and company, at the stockyards Monday night, broke out again early Tuesday and burned another building, increasing the estimate damage from \$100,000 to \$250,000 and \$500,000. The meat house was the former office building of Morris and company and one of the landmarks in the stockyards. It had been converted into a storehouse for meats.

**STATE ASSEMBLY SETS RECORD FOR DRASTIC MEASURES**

**SENATE ACTS AS CHECK ON RADICAL MOVES OF HOUSE.**

**KILLS MANY BILLS**

Guard, Liquor, Labor and Health Legislation Is Included.

**MADISON**—The Wisconsin assembly during three months of the present legislative session has set a record for radical performance seldom equaled in the history of this or any other state, the official proceedings of the lower house disclose. This activity on the part of one branch of the legislature, has resulted in a check by the senate, shown in the number of important assembly bills killed.

Dealing with questions raised by maintenance of a military organization in Wisconsin, the lower house has voted by large majorities to abolish the national guard, to abolish armories and to do away with compulsory military training at the university of Wisconsin. The senate stopped the attempt to kill the national guard, and its members have indicated that they were overwhelmingly opposed to abolishing armories.

**Farm Legislation**

Farmer members in control of the lower house have voted, up to the present time, to abolish farm institutes, to do away with land clearing demonstrations, to repeal the entire drainage law and the state dog tax law. They favored labeling of all clothing and shoes to establish the quality of goods used in their manufacture.

**River Near Flood Stage at Portage**

**PORTAGE**—The Wisconsin river was nearing flood stage here Tuesday.

The government gauge registers 11.9 feet and the river is rising rapidly. H. B. Willis, government forecaster, predicts 14 feet, the flood stage, within 48 hours.

The levee south of the city will be taxed to the utmost and in case of a break the main channel of the Wisconsin river would connect with the Fox river to the east, putting the upper Fox river valley under water. The Wisconsin river has dropped below the danger level at Merrill and Wausau. At Tomahawk slight damage was caused to the embankments at the new dam of the Wisconsin Valley Improvement company on Spirit river. No other damage was reported.

**FLOOD DANGER PASSES**

**ALPENA, MICH.**—The flood that menaced northeastern Michigan during the last few days was receding Tuesday. Damage is expected to amount to several hundred thousand dollars.

Heroic work by farmers and woodsmen, who piled sand bags along the Fox river banks, saved the town of Alpena.

In the vicinity of Alpena, the flood danger passed when the debris of two bridges across Thunder Bay river was blasted away.

**ANOTHER ARMY FLYER KILLED**

**NEWPORT NEWS, VA.**—Lieut. Dogan H. Arthur was killed at Langley field Tuesday when his airplane crashed to the ground from an altitude of 200 feet.

**WAR STOCKS WON'T BE SOLD ABROAD**

**WASHINGTON**—President Harding has directed the war and navy departments, in a letter addressed to Secretaries Weeks and Denby, not to permit the sale of surplus war stocks, including arms, ammunition or other munitions, to any foreign nation.

**TWO RIVERS PASTOR CALLED TO OSHKOSH**

**OSHKOSH**—The first Congregational church of this city has extended a call to the Rev. Philip Mercer of Two Rivers to succeed the Rev. T. R. Paville, who resigned several months ago to engage in other Congregational church work. Mr. Mercer is a graduate of Chicago Theological seminary.

**TURKEY SEEKS TO CAST OFF FRANCE**

**NATIONALISTS WOULD DROP ECONOMIC PILOT IN NEAR EAST.**

**LAUSANNE**—Resumption of peace negotiations between the Turks and the allies has given rise to the suggestion that Turkey's expressed desire to cast off France as her economic pilot may lead to difficulties that will prove to be an important development of the conference.

**Most of the Turkish debt is owed to France, whose nationals also have a preponderance of the economic holdings in the domain now governed by Ankara. The Turks express a desire to shake off French control, but spokesmen of the latter country have said that they are interested only in protecting legitimate investments in Turkey to which they have already made extensive concessions.**

Activities of the bands of Turkish irregulars along the borders of Syria, a French mandate, are resulting in the dispatch of General Weygand to Syria.

The first day of the conference passed without mention of concessions.

**ALL MAIL SERVICE BACK TO NORMAL AFTER BAD SIEGE**

Mail deliveries, both in the city and over the country routes, are now normal, according to Postmaster J. J. Cunningham, although the winter just closed has been one of the hardest in the history of mail delivery here. Weather was cause of much trouble, and roads are just now getting good enough for normal delivery. For many weeks there was no rural delivery, or only partial covering of the routes. Then for a time, city delivery was upset because of lack of funds. All city routes have been reestablished on their former basis, however.

**MOSELEY IS ON THE HONOR ROLL**

H. B. Moseley, county board member, and representative of the southern Rock county assembly district in the legislature, is one of the 20 in the house "honor roll." Moseley and 19 others haven't introduced a bill in the legislature. Others from this section are P. E. Lawson, Walworth county; and Fred K. Hefty, Green county.

**FUND VETOED WAS URGED BY BLAINE, SAYS COMMISSION**

**BODY TAKES HOT SHOT AT GOVERNOR FOR ACTION.**

**ASSURANCE GIVEN**

Deficit Caused by Investigation Into Back-Income Taxes, Statement Asserts.

**MADISON**—The Wisconsin tax commission issued a statement Tuesday answering the veto message of Governor Blaine which accompanied his disapproval of an emergency appropriation to that body.

According to the statement, the added expense incurred by the department, for which an emergency appropriation was needed, resulted from increased work due to investigation of back income taxes, a work which the governor fostered. The governor, the commission said, had assured it that this money would be forthcoming from the present legislature.

**Wants One-Man Body.**

"The governor reads out of this incident," the statement contained, "an argument for a one man tax commission on the ground that its duties are mainly administrative. But it is pointed out that his judgment in this respect is at variance with the general current of judicial authority in this as well as other states, and with the opinion of nearly all acknowledged students of taxation in America and of the legislators of four-fifths of the forty states which have created tax commissions."

**Complied With Form**

Dealing with the assertion by Gov. Blaine that the commission had failed to submit a detailed statement of its need for the additional appropriation, the members declared that they had complied with the form set by the state board of public affairs, and also explained the same in full to the governor in person by F. D. Strader, the only member of the department with whom he conferred during the present session.

**No Information Asked**

Mr. Strader informs us that when the statement was presented he offered to explain the same in full and furnish any other information desired. No further request was made for such information.

"Notwithstanding its defects," the governor read out of the statement, "an estimated shortage of \$11,979 to the end of the year, but that was out of balance, he started with an out of balance of \$13,368, with out taking into account an item of \$5,382 of unpaid bills. The person who prepared the account deducted from the balance of \$13,368, the difference between \$11,979 and the \$17,000."

**CHICAGO CITY TREASURER IS UNDER CHARGE**

**CHICAGO**—John A. Cervenka, president of a brewing company, is charged with the embezzlement of \$100,000 from the city treasury. He is charged with violating his contract with the city, which provided that he should have turned over to the city all the money he received from the city treasury.

**EXPRESSMEN ASK INCREASE**

**CHICAGO**—Formal request for pay increases, the first of many such requests, is being made by the United States Railroad Labor board to the Order of Railroad Expressmen. It was announced Tuesday. This request asks for a 10-cent per hour boost.

**BELOIT SALESMAN IS GIVEN DIVORCE**

**BELOIT**—John L. Kelley, 34, Beloit salesman, was granted a divorce from his wife, Mrs. Kelley, 35, by Judge George Grimm, of the Rock county circuit court. Desertion was charged, the date of separation being Sept. 1, 1920. The couple were married in Chicago June 28, 1918.

**J. H. S. Radio Club Seeks New Set**

Radio club of the high school met Monday night and made plans for the motion picture entertainment which it will sponsor at the high school. The pictures will be "Dickens' A Tale of Two Cities" with William Farnum playing the leading role, and Harold Lloyd in a two-act comedy. Performances will be given probably after 8 o'clock.

**BOOTLEGGER BOUNTY BILL IS WITHDRAWN**

**MADISON**—Senator Toward Teasdale Tuesday withdrew his bill providing for a bounty on moonshiners and bootleggers.

This measure would have put the dealer in illicit liquor in the class of wolf pups and other predatory animals. It established a "maximum bounty" on the moonshiner at \$25, which is six times the amount allowed for wolf pups under the existing law, which the Teasdale bill amended.

An all-year round season on bootleggers and moonshiners would have been permitted.

**Lennartz Resigns as Treasurer**

**WILLIAM J. LENNARTZ**, 320 South Franklin street, city treasurer of Janesville, has resigned his position, effective May 16. The resignation was given to Councilman J. K. Jensen, president of the council, for presentation to the city council at its next regular meeting, May 7.

Mr. Lennartz, a veteran mail carrier of the Fourth ward, gave up that work in April, 1920, when he was elected city treasurer over George W. Muenich. In April, 1922, he was re-elected over Miss M. Franc Edwards and his term would have continued for another year had it not been for the change in government which took place last year.

Mr. Lennartz has served as treasurer during a time when the city finances have been the largest proportions in history.

**SECOND TRIAL OF RICE, WEDNESDAY**

**12-Man Jury Drawn—Hotiz, of Chemung, Up for Jumping Parole.**

The second trial of Wesley Rice, charged with keeping a disorderly house at 603 South River street, will begin in municipal court here at 9 a. m. Wednesday with the following jury: Frank Holts, John L. Kelley, E. J. Strader, Kenneth Jeffers, Louis Gower, Albert Erickson, George L. Hatch, Herman Pielapp, E. J. Murphy, Frank Douglas, C. E. Farnum, Arthur Granger and Gerald Cunningham.

**Holz in Again**

Frank Holz, Chemung, Ill., who held a record of being arrested and fined more times than any other man in Rock county in recent history, is in again. This time he is charged with violating his contract with the city, which provided that he should have turned over to the city all the money he received from the city treasury.

**Two Others Sentenced**

Walter McGovern, alias John Wallace, Edgerton, was sentenced to 30 days in jail when arraigned on a vagrancy charge, Tuesday. He has been staying at the Carlton hotel, telling the proprietor his father would pay his bill on his return from South America.

John Murray, convicted of intoxication, was given 60 days flat, \$100 and costs or six months additional, by Judge J. L. Maxwell, Jan. 6, for having been drunk on duty as a police officer. He was sentenced Monday and Holmes' fine was cut from \$100.

**IN TO 4Y'S NEWS**

**MONTREAL**—The Canadian sugar refiners announced an increase in price of 25 cents per hundred pounds for their granulated sugar. The price now is \$11.25 per hundred weight.

**JURY AWARDS \$400 TO JILTED LOVER**

**RACINE**—Frank Horschack, Manitowish, who came here to marry his fiancée, Miss Lucille Gallagher, last November, and found she had married a former sweetheart, was awarded \$400 in damages in his suit for \$25,000 against Mrs. Lucille Gallagher Evans, in circuit court Tuesday.

**A W. BARKER DIES**

**A. W. BARKER**, 75, father of L. D. and C. E. Barker, died Monday morning at Fond du Lac and funeral services were held at 12:30 Tuesday afternoon in Fond du Lac. Burial was in Berlin, Wis., former home. J. D. Barker, 417 Caroline street, went to Fond du Lac Monday noon. Mr. Barker has one son, Frank Barker, living at Ft. Atkinson.

**TWO GRANTED LICENSES**

**MADISON**—Frank H. Drekmeler, Beloit, and Albert C. Higgins, Fort Atkinson, were among those granted registered pharmacist licenses by the state board of pharmacy, which examined 116 and granted 44 licenses.

**Campaign Pledge Must Be Carried Out, Press Told**

**NEW YORK**—Participation by the United States in the world court as proposed by the administration, President Harding Tuesday declared at the annual luncheon of members of the Associated Press, would be "in harmony with party platform pledges, candidatorial promises and American aspirations" and would not be an entry into the League of Nations "by the side door, the back door, or the cellar door."

"Excessive friends of the league," the president declared, "have beclouded the situation by an unwarranted assumption that the proposal is a move toward membership in the league, while," he added, "the irreconcilable opponents of the league also have beclouded the question with the assumption that entanglements with Europe would unavoidably follow."

**QUIZ CHILD BRIDE OF PURNELL CULT**

**Couple, Included in Wholesale Weddings, Deny Harem Revel Knowledge.**

**ST. JOSEPH, MICH.**—Two more disciples of "King Benjamin" Purnell, a bride and groom of last week's wholesale marriages at the Israelite colony of House of David, went before the grand jury Tuesday to explain their sudden wedding and tell what, if any thing, they knew about alleged immorality in the colony.

Vet. Drake Kirkan, sister of Countess Drake Woodruff, who testified Monday, and Mrs. Kirkan's boy husband, Henry, were Tuesday's first witnesses.

They testified, according to reports from the grand jury room, that they had married voluntarily and of their own wish, and that since their marriage on Thursday night of last week, they have obeyed the virgin law of the cult which forbids sexual relations between husband and wife.

The girl, it was reported, denied knowing anything about alleged immorality in the colony. She testified that she had lived with the virgin who lived with him and "Queen" Mary Purnell at Shiloh, the headquarters of the colony.

Attorney General Andrew Douglass, who had been in the colony for an hour, during which time the girl declared she knew nothing about Shiloh, scene of Benjamin's alleged harem revels.

**NAB SUSPECT BELIEVED TO BE MURDERESS**

**WASHINGTON**—The department of justice, received Tuesday from Tegucigalpa, said authorities of the Honduran government had arrested a suspect believed to be Clara Phillips, convicted of murdering her husband who escaped from a Los Angeles county jail. The authorities added that the suspect was being held pending receipt of formal papers requesting her extradition to the United States.

**CHIROPRACTIC BILL PASSED**

**MADISON**—The Minner bill, providing for the examination and licensing of chiropractors by a state board, was passed by the assembly Tuesday.

The bill prescribes stringent regulations and qualifications for those who would practice as chiropractors. Their qualifications would include knowledge of physiology, pathology, hygiene and other subjects.

**SACCO TAKEN TO MADHOUSE**

**BOSTON**—Nicola Sacco, convicted with Bartolomeo Vanzetti of double murder and under treatment at the Boston Psychopathic hospital since his one month hunger strike at the Dedham jail, was removed Tuesday to the state hospital for the criminal insane.

**JURY AWARDS \$400 TO JILTED LOVER**

**RACINE**—Frank Horschack, Manitowish, who came here to marry his fiancée, Miss Lucille Gallagher, last November, and found she had married a former sweetheart, was awarded \$400 in damages in his suit for \$25,000 against Mrs. Lucille Gallagher Evans, in circuit court Tuesday.

**A W. BARKER DIES**

**A. W. BARKER**, 75, father of L. D. and C. E. Barker, died Monday morning at Fond du Lac and funeral services were held at 12:30 Tuesday afternoon in Fond du Lac. Burial was in Berlin, Wis., former home. J. D. Barker, 417 Caroline street, went to Fond du Lac Monday noon. Mr. Barker has one son, Frank Barker, living at Ft. Atkinson.

**WHY I LIKE JANESVILLE**

I like Janesville because it gets behind every good thing with a will. Here is the Lions Club right now bringing Taylor Holmes here in order to raise funds for a memorial tablet to the soldiers of the World War. Everybody is responding. It is a good thing.

**THE WEATHER**

IN WISCONSIN.

Generally fair Tuesday night and Wednesday; not much change in temperature.

## Farm Bureau Official Information

### FORT ATKINSON RECORDS

The Fort Atkinson Cow Testing association now have four more sets of herd figures for the past year on average tests and milk and butterfat production per cow.

Owner.	Breed.	No. cows.	Lbs. milk.	Pct. fat.	Lbs. fat.
W. D. James.	G.	13	4537	4.61	204.4
Clarence Foster.	H.	17	8632	3.49	297.2
Aaron P. Keuler.	R.	10	7523	3.45	259.6

In order to arrive at a fairly accurate estimate of the actual herd average, we eliminate all cows that have not been in the herd for more than 6 months during the association year, such as all that have been sold, and the heifers and new purchases that have less than that amount of work to their credit.

During the week that ended April 21 we have another 13 cows on our quality list that are credited with more than 250 pounds of butterfat during the twelve months as follows:

Owner and name of cow.	Breed.	Age.	Lbs. milk.	Pct. fat.	Lbs. fat.
Clarence Foster—Opus.	R.	4	11815	2.74	322.6
W. D. James—No. 12.	G.	3	7907	5.34	422.2
Clarence Foster—Opus.	R.	4	10716	3.81	407.2
Clarence Foster—Opus.	R.	4	11904	3.33	395.3
Clarence Foster—Opus.	R.	4	10716	3.62	385.5
W. D. James—Spot.	G.	4	8034	4.66	375.2
Aaron Keuler—Duchess.	R.	6	11991	3.05	365.0
W. D. James—No. 13.	G.	4	7523	3.45	259.6
Clarence Foster—Opus.	R.	4	11077	3.23	357.7

Our Honor Roll for April gained 12 more cows during the week that ended April 21st, they having credits of more than 40 lbs. of fat as follows:

Owner and name of cow.	Breed.	Age.	Lbs. milk.	Pct. fat.	Lbs. fat.
Clarence Foster—Opus.	R.	4	1455	2.3	33.0
Clarence Foster—Opus.	R.	4	1200	4.6	55.2
Clarence Foster—Opus.	R.	4	1515	2.0	30.3
Clarence Foster—Opus.	R.	4	1314	2.8	36.8
Clarence Foster—Opus.	R.	4	1350	3.2	43.2
Clarence Foster—Opus.	R.	4	1281	3.2	41.2
Clarence Foster—Opus.	R.	4	1338	4.1	55.2
Clarence Foster—Opus.	R.	4	1137	3.0	33.9

One of the registered cows was not profitable one to keep, provided her with one way ticket to Chicago, the pure bred industry as a whole would benefit if more breeders would do likewise, instead of continuing to attempt to unload such individuals on some one else.

The stagnant condition of the market for pure bred animals during the past few years have not proved to be profitable or economical producers of milk or butterfat.

### SEEK MORE GROWERS IN TOBACCO POOL

A series of Tobacco Pool meetings will begin Tuesday, April 24, at Barron, Wis., and end up at Edgerton on May 5, reads the statement of the Northern Wisconsin Cooperative Tobacco pool. All the meetings will be held starting at eight o'clock in the evening. Some officials of the pool will be present at each meeting.

The meeting in Edgerton will be held Thursday, May 3, in Orfordville, Friday, May 4, and in Edgerton, Saturday, May 5.

Three will be an effort to thoroughly cover the tobacco pool. There are now 6500 growers in the pool. The pool has started its campaign for new members to increase the control of the Wisconsin tobacco market.

The delegates named for sub-district number 6 are C. B. Shoemaker, H. C. Hemmingsway, Charles Wright, William McCann, Janesville, Charles Robinson, Edgerton, J. T. Pomroy, Edgerton, and for district seven, D. A. McCarthy, Porter, C. O. Osgard, Orfordville; H. A. Harled, Edgerton; Carl E. Pridmore, Brookfield; W. G. Patterson, and Loy Porter, Evansville. Contract books will be left at the pool headquarters in Janesville, Stoughton and Edgerton.

PATTERSON SPEAKS. W. G. Patterson, Evansville, President of the Rock County Farm Bureau, spoke at the Bureau meeting held last week in Spring Valley.

### MAKES 'em Grow

After Eight Chicks Must Conkey's BUTTERMILK Growing Mash

If you expect to have early broilers and layers, this is a wonder. It is a high protein, low in fibre and just right in protein. Remember, growing fowls need a different feed. They must have more protein than little chicks can stand.

For the First Eight Weeks Your Chicks Should Have Conkey's BUTTERMILK Starting Feed

It prevents the big losses due to weakness and disease and gives chicks a strong start. It is made by the Original Conkey Process, in which semi-solid buttermilk is thoroughly incorporated with the other ingredients.

# TIME IS RIPE TO START GARDENS

Don't Delay Because of Cool Weather, Advice of Burdett.

Amateur Janesville gardeners are becoming discouraged with the weather, but should not be, because this cool weather is what is needed for some of the things that could be in row. Of course, now is not exactly desirable, but the little that fell Saturday has now disappeared and many can take the advice of James J. Burdett, director of the National Garden Bureau, and turn gardener.

"Garden making is now in full swing," says this authority. "Even heavy clay soils are dry enough to work, and the gardener who is still waiting for warm weather is losing precious time. The things that ought to be in the ground now demand cool weather."

"The problem of fertilizing vegetable gardens is annually more difficult for amateurs who are in the habit of waiting for warm weather. The best fertilizing material that exists was a waste product which stable owners were glad to give away; but now it is impossible to get manure in many sections."

"Food elements are easily supplied by commercial fertilizers, but garden soil requires annual replenishment of humus and bacterial activity which the use of stable manure promotes. It is also important to plants."

To use Lawn Clippings. "To replace manure, gardeners cannot depend upon commercial fertilizer alone. They must collect carefully all rotting organic matter possible and promote its thorough decay in order that it may be added to the garden soil to supply humus and bacteria. The most practical way of doing this is to dig a shallow pit in a corner of the garden, screened by tall plants. Here throw all lawn clippings, all dead leaves, the family garbage and waste garden product. Keep it moist and help it decay. Objectionable odor is killed by covering from time to time with a thin layer of soil, which also improves the quality of the humus."

"If you are worrying about humus for the garden this year, start at once a compost heap, as the pit for refuse is called, and it will solve the problem for your next year."

"Another good way, where you can spare the room, is to grow a cover crop in the late summer. This means to plow up your garden and sow clover, for choice, which can be turned under in the spring and will rot and supply humus. The clover takes nitrogen from the soil, this giving fertility as well as humus. If the clover crop can be grown earlier so that it can be turned under in the fall, the land will be in better condition for gardening the following spring."

Turn Weeds Under. "And if the garden grows a heavy crop of weeds in the late summer and these are carefully turned under and allowed to decay, they will add much of value to the soil. Weeds are not half bad as a cover crop, especially if they are turned under before they have had a chance to spread their seeds abroad, and turned under deep enough to prevent their seed sprouting in the garden. In this way, weeds, when pulverized sheep manure is better than the chemical fertilizers, because the organic matter in sheep manure is in a form that will supply humus, while the inert matter in most chemical fertilizers is mineral. Sheep manure

is particularly good for lawns where it serves in a dual capacity as fertilizer and top dressing.

"Clay soils, which predominate in our suburbs, need lots of humus to break up their cohesion, and where manure is lacking the garden has a problem which takes ingenuity to solve. The only way to condition heavy soils is to give them all the humus possible, and in addition to spread in quantities of sand, ashes, even cinders to loosen the soil. A layer not less than four inches deep over all the surface is needed to do a good job. Fertilized limestone helps loosen clay soils, besides supplying the badly needed lime."

### OLD SCHOOL PAPERS ARE RECALLED HERE

One of the most interesting departments of the second issue of the high school publication, "The Reflector," which made its appearance Thursday, is that headed "A Retrospect." It deals with former school publications, taking as examples two—one published in 1884, the other in 1896.

"Our Own," are especially interesting. One, according to the "Reflector," that "orchestra seem to have come into universal favor and are springing up all around. The second grammar department of the year, and now has one, consisting of four pieces."

Now there is not enough interest to keep up one in the high school. Another item that will furnish amusement for adult readers of "The Reflector" goes as follows:

"Mr. Fred Clemmons has been in the grocery store of Mr. L. C. Brownell for a number of years, where he enjoys the confidence and esteem of his employer. His pleasant face and genial manners have won for him many friends, and he has won the reputation of a popular clerk."

"The Vedette" was the name of the paper printed by the school in 1896, in which many items interesting now for the contrast they offer, were printed.

### Would Have Holidays All Fall on Monday

For Associated Press. Complete dislocation of the calendar, at least so far as holidays in Hawaii are concerned, is sought in a bill introduced into the house of the territorial legislature by William J. Coombs. The bill provides that each holiday observed in the territory, Christmas, Thanksgiving, Fourth of July, New Years and all others, shall be celebrated on Monday, and that it be declared on the Monday nearest the date upon which it ordinarily would fall.

Don't give the diseases that follow in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN, Kellogg's Bran, cooked and kibble—best for you and your family. It will give you permanent relief from constipation and it is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Bran's action is wonderful. It sweeps and cleanses and purifies. It knocks out the dangerous toxic poisons and frees the system from pollution. Kellogg's Bran for a week will give you two table-spoonfuls each day as much each meal in chronic cases. You will be astounded at the difference in your feelings!

Kellogg's Bran should not be confused with common bran which is unpalatable and difficult to eat. Kellogg's is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal or cook or mix it with hot cereal. In the latter case add two table-spoonfuls for each person.

Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics? Kellogg's Bran is particularly delightful made in raisin bread, in macarons, popovers, muffins, etc. Recipes are printed on each package.

You will say that Kellogg's Bran is a blessing to humanity. All grocers sell Kellogg's Bran.

# RULING CHANGES STATUS OF LAKES

Supreme Court Rules Opposite to Morgan on Shore Trespassing.

Owners of property on Lake Koshong, Delavan and other Wisconsin inland lakes are vitally interested in the decision of the Wisconsin supreme court holding that the property extends to the water's edge, whether it be the high or low water mark. This makes any person traveling on the edge of the land along the shore for hunting or other purposes a trespasser unless there with the permission of the owner, and corrects a situation existing since the decision of the attorney general W. J. Morgan, holding that the edge of the property was at the high water mark, and that a person was not a trespasser in traveling between the high and low water mark.

Justice Dyer's Decision. Which was on the case of Charles Doemel against Frank Jantz, appealed from the Winnebago county court by the defendant.

The plaintiff owned property abutting on Lake Winnebago and he charged the defendant with trespassing on his property. The defendant contended that he was not a trespasser, having entered upon that portion of the shore lying between the ordinary high and low water marks of the lake and it being a public navigable lake, he had the right to enter and travel upon such strip of land without being guilty of trespass.

The court said: "A careful review of all the cases referred to fastens the conviction upon the reader's mind that the public use of the waters in navigable bodies like the Winnebago inland lakes is confined to and is founded upon the original basis added by the English courts, and is maintained by the American courts, that such bodies of water constitute highways for navigation purposes, and that in the course of time and in the development of law and its application to existing local conditions and in response to public requirements, these rights have been extended so as to include fishing, recreation, boating, bathing, hunting, which are denominated incidents to the rights of navigation. Therefore, the use of the waters for the various purposes enumerated and referred to is open to the public when exercising the right of navigation."

The court holds that the public has the use of the water but cannot lawfully enter upon a person's land without permission.

"It becomes evident that whether the title to the shore between the ordinary high and low water marks be deemed in the public, or whether it rests in private ownership, the rights of riparian owners are equally well fixed and established, and any invasion of such rights on the part of a stranger necessarily works an injury to the rights of the riparian owner, for which the law affords proper redress."

The decision, it is believed here, will put a stop to non-owners of land hunting along the shores of lakes without permission of the owners.

### Doctors of Three States Enjoying Trip Through East

Janesville physicians with the other 250 members of the party of the Tri-State District Medical society, are having a profitable time in their tour of eastern clinics, seeing the latest research has unfolded. The Janesville physicians in the party are: Drs. T. W. Nuzum, W. A. Munn, G. C. Wauke, Fred E. Sutherland, Others from Southern Wisconsin are Dr. J. F. Maeremans, Monroe; Dr. Peter J. Majerus, Fort Atkinson; Dr. Edward Blumer, Monticello; Dr. H. A. Shearer, Edgerton, and Dr. J. F. Rood, Darlen.

The physicians left last Sunday, visited Cleveland, Boston and New Haven, and arrived in New York, Thursday, for a three-day visit. They will visit Philadelphia, Baltimore and Washington before returning home. Writing of the trip, Dr. Nuzum says:

"Three hundred in the company and everywhere we go we are treated in the most cordial manner. At Cleveland, Prof. Cullen and his clinic gave us a wonderful day and revealed to us all their newest and best in their work and research. We were all busy until time for our train to depart. In Boston, likewise, we saw many wonderful operations, and heard papers from their research workers at Harvard. Especially was their work on diabetes with their new remedy insulin most interesting and instructive. They gave us a banquet at the Boston club and made our two days there most pleasant and profitable."

"At Yale university in New Haven, they treated us like princes. The entire day was spent seeing clinics and listening to their most wonderful work along research in new fields in medicine. They feasted us, took us to a ball game between Yale and Rhode Island, which was most hotly contested, but our friends of Yale were beaten. They showed us their wonderful buildings and equipment, and kept us busy until time for our train to leave at 12 P. M. They have kept us equally busy in New York. The men are having the time of their lives and are making the most of it. All look tired and I think by the end of next week we will all need a rest. Kind greetings to all."

ENTITLED TO EXTRA PAY. Washington—Enlisted men in the navy were entitled to extra pay, during the entire time they were assigned to flying duty, the supreme court decided Monday.

### Coast Guards on Lakes Prepare for Busy Season

Duluth—When the first section of the local fishing fleet began winding its way through the ice waters of Lake Superior a few days ago, the local coast guard station, one of the largest and busiest on the Great Lakes, automatically became alert. The job of keeping track of the intrepid little fishing vessels is the most important one of the local station. Next to Chicago and Buffalo, the Duluth station ranks as the busiest on the Great Lakes.

To Monroe Jubilee.—Grand Master George Waterman, and Grand Scribe James A. Fathers, Janesville went to Monroe Tuesday, to attend the celebration there of the 70th anniversary of the establishment of the Odd Fellows Order. Plans are being made for an observance of the anniversary here.

# 5000 homes

had to go without ARCOLA because they waited till Fall

To 5,000 families in 1921 came a real disappointment. There weren't enough ARCOLAS to fill their orders—and they shivered through the winter with stoves or an old-fashioned heating plant.

Three times as many homes are being built this year as in 1921. And we can make only the same number of ARCOLAS as in 1921 because orders for larger Ideal Boilers have already over-taxed our factories.

The popularity of ARCOLA is tremendous. It is the only satisfactory heating plant for the small home. Gives you a genuine American Radiator in every room. Perfect protection for the children against colds and grippe. So economical that it pays for itself in the fuel it saves.

Please help us to avoid disappointing you next Fall. Ask your Heating Contractor to give you an estimate now.

## WALWORTH COUNTY

## ELKHORN

MRS. GRANT HARRINGTON.  
Telephone 35.  
County Seat News.

Elkhorn.—Sheriff Ital Wells and posse raided some of the saloons in one, occupied by Frank Drexler, they found a still, a barrel of mash and three gallons of moonshine; in another a bottle of moonshine, and in the third a collection of empty jugs and bottles. It is known as a bad nest and the place is to be cleaned up. Select North Successor.

A county Y. M. C. A. meeting will be held in Elkhorn, Wednesday even-

ing. There will be a 6:30 supper and a successor to J. H. Hoff, county secretary, probably will be chosen.

**Announce Marriage Plans.**  
The marriage plans for Monica Porter and Alfred Lepine, Detroit, Mich., have been published in St. Patrick's church. Miss Porter was connected with the tax commission for several years. Her late husband was with the Wisconsin River Bower company, Madison. She returned home last week and will remain with her parents, Mr. and Mrs. P. M. Porter, until their marriage takes place.

Rev. A. B. Bell will address a father and son mixer at Zenda, Tuesday night, and lead the group singing. The Rev. Bell will give an address Thursday night in Delavan, at an auxiliary meeting of Odd Fellows.

Mrs. I. U. Wheeler, head of rural training department, Whitewater normal, sent out a group of prospective teachers from Elkhorn, Monday, to teach in schools over the county, this week and next. Two students are allowed each school and the instructors then visit these schools and grade the work.

**Catch Game Law Violators.**  
There is a stream that empties into Delavan lake on the south side called "Game Creek." In the spring large numbers of fish go up this stream to spawn. For years past it has been the habit of certain persons to place a wire screen in the creek at night and catch the fish. Game Warden W. P. Elliott and W. A. Davis caught some of them in the act one night recently and arrested Harry Boone, John Klossow, and George Hoag. Boone and Klossow appeared before Justice Williams, Whitewater, and each paid a fine and costs of \$50.00, and Hoag will appear Wednesday and pay a like amount.

The raid brought out the fact that certain law-breakers were in the habit of each spring catching during the spawning season and selling down a year's supply of fish. Still others may be caught in the net before the matter is finally settled. Game Warden Elliott is bent on breaking up the habit.

Eighteen Legion boys from Elkhorn were initiated into the new "40-8" society Sunday, at Lake Geneva, organized as an auxiliary of the American Legion.

**Woman Sick Two Years.**  
Caused by Troubles Women Often Have—Relieved by Lydia E. Pinkham's Vegetable Compound.

Medina, New York.—"I had a great deal of trouble such as women often have, and this affected my nervous system. I suffered this way, then read in the Buffalo Times about Lydia E. Pinkham's Vegetable Compound and have taken it with very good results. I am very much better and feel justified in praising the Vegetable Compound to my friends and neighbors who suffer from anything of the kind."—Mrs. W. H. ADKINS, 311 Erin Road, Medina, N. Y.

**Feels Like Girl Sixteen.**  
Rochester, N. Y.—"After my twin girls were born I was all run-down. My neighbors thought I was going to die. I saw your advertisement in the paper and bought Lydia E. Pinkham's Vegetable Compound. The first bottle helped me and I kept on taking it. I only weighed ninety pounds when I began taking it, and I have gained in weight and feel like a girl of sixteen. I never can say enough for Lydia E. Pinkham's Vegetable Compound."—Mrs. NELLIE DOREY, 18 Skuse Park, Rochester, N. Y.

## World Court Upheld by President

(Continued From Page 1)

The presidential party drove through 32nd street to Fifth avenue and then up town to the 33rd street entrance to the hotel. Mr. and Mrs. Harding went at once to their suite. Included in the presidential party were Brigadier General Sawyer, Mr. Harding's personal physician; Postmaster General Harry New; A. D. Laskie, chairman of the United States Shipping board, and Chairman Adams of the republican national committee.

Mr. and Mrs. Harding reached their suite they found their Camp Fire girls had left flowers there for them.

General Sawyer, who is chairman of the hospitalization committee of the Veterans' bureau, left the hotel soon after his arrival for an inspection of the New Gunhill Road hospital in the Bronx.

Franklin D. Roosevelt, who is chairman of the hospitalization committee of the Veterans' bureau, left the hotel soon after his arrival for an inspection of the New Gunhill Road hospital in the Bronx.

President Hoover spoke of the remarkable cordiality and hospitality he met everywhere in his journey.

"I left America feeling very proud of our organization and I came back with an even prouder pride," he said. He spoke of the praise showered on the Associated Press, the foremost news gathering organization in the world and its absolute impartiality and said in conclusion: "There is one point at which our eager, individual partisanship halts."

"Both collectively and individually the membership of the Associated Press holds in the highest respect the great office of the president of the United States and joins in respect and admiration and warm affection for the president personally."

"We are greatly honored that he has come to us today. We welcome him not only as the honored holder of a great position but also as a fellow newspaper man of whom we are proud."

"I ask you to drink to the health of the president of the United States, Warren G. Harding, and of the gracious lady of the White House, Mrs. Harding."

**Free American Maps in Demand**

United States maps, sent out by the Gazette information bureau at Washington, D. C., Frederic J. Haskin, director, to Janesville Gazette readers, take the honors for popularity. The 17 weekly editions of the booklets issued by that bureau. Twenty-nine maps were issued. Many others took advantage of this free service which the Gazette offers in obtaining these booklets were issued during the past two weeks.

Block homes, 18; gardening, 16; knitting, 15; canning, 14; floor covering, 13; laundry and house-cleaning, 2 each; and various, game laws, care of teeth, recipes, school lunches and other subjects. These booklets are published each day on the editorial page of the Gazette.

Old Planet Jupiter has almost annual attractions to this earth, says Mr. Haskin, responding to a query made by a Gazette reader. The nearest approach last year was on April 5, while the approach this year will be on May 6 and next year on June 7. It is hardly enough to be noticeable by the naked eye.

One reader of the Gazette, interested in ancient history, and especially that of old Egypt, was given much information concerning old rites in the temple, the location of famous cities and other details.

Another reader was given enlightenment on the ship subsidy bill, and still another on the case of Pastor Russell. Information about many people is always interesting, and Haskin is often asked for it. Among his latest answers on this subject, the following is gleaned:

The husband, it is charged, deserted Aug. 31, 1921.

**BOARD OF PUBLIC WORKS ALSO PUT OUT OF BUSINESS**

(Continued From Page 1)

Through the station to the strings of motors awaiting their party. An aimed at the next meeting, May 7. A one-man committee was suggested as being most efficient.

"It is time we were busy picking out a city manager," suggested Mr. Jensen. "What is your pleasure?"

After brief discussion it was decided to hold a meeting at a committee of the whole in the manager's office at 7:30 Friday night to go over the 33 applications filed so far. Councilman William McCue suggested each member take a few of the applications and eliminate the undesirable in order to save time.

To speed up matters, it was agreed to approve the minutes at each meeting as published and after some discussion it was decided publish the various city bills every two weeks unless the cost is found to be too high.

"It would be defeating the very purpose of publishing the minutes were we merely to say vouchers numbered so-and-so," Mr. McCue said to Mr. McCue's suggestion, made in the interests of economy.

This is something new as the old council had published bills.

**Rules Are Adopted.**

A new code of rules was adopted Monday for 31-weekly meetings providing at 7:30, that councilmen must address the chair before speaking; that the city clerk must notify officials in writing when they are ordered to do work; that a vote of at least five councilmen is necessary to rescinding or reconsidering any previous action; and that each ordinance be given three readings. Roberts' rules of order will govern and the council will publish bills.

## 100 WAYS To Make Money

By BILLY WINNER

**If I Had a Horse—**

I could very easily make some money, for there are many people who love to ride horses and are just waiting for some one to advertise one I could rent out my horse by the hour, or day to responsible persons.

If I kept the horse in good condition, I'd soon make regular customers out of lovers of horseback riding who read my Want Ad in the Janesville Gazette Classified Section. Such an ad, of course, is the best way I know of for speaking directly to the people who would be interested in renting my horse.

## LATEST MARKET REPORT

## GRAIN

**Chicago Review.**  
Influenced by a sudden advance in Liverpool quotations, the wheat market here rose sharply in the early dealing during the early dealing, with liberal buying in progress. The market was a bull market, the advance in Liverpool was ascribed to indications that Australia was withholding wheat from France, and to indications that Australia was withholding wheat from France, and to indications that Australia was withholding wheat from France.

The opening was higher, with wheat at \$1.25 1/2, and July \$1.23 1/2. The market was followed by slight further gains.

Corn and oats ascended with wheat. After opening, 1/2% higher. May wheat, 1/2% higher. The corn market showed little disposition to react.

Oats started 1/4% up, May 45¢, and June 46¢. The market was followed by slight further gains.

Provisions were firmer, owing to grain strength.

**FINANCE**  
Wall Street Review  
New York.—Emphatic gains were made by a number of industrials and specialties during the course of the morning's trading in stocks. Reports of increases in the price of steel products and expectation of further rise in raw and refined sugar prices encouraged buying in those groups.

There was a brisk inquiry for the usual favorites, including the oil, rubber, and tobacco stocks. Shares of companies doing business in Mexico were benefited by optimistic reports of negotiations looking to the recognition of Mexico by this government.

Railroad shares were quiet. Call money opened at 1/2 per cent.

The short covering movement, in progress Monday, was continued at the outset of Tuesday's dealings in the stock market, prices of the usual leaders opening at slightly higher levels. Activity was greatest in the domestic oil shares and there was a continuance of the recent buying of the food issues.

When the initial rise failed to bring out any of the stocks which had been bought for supporting purposes in Monday's market, traders became more confident as to the immediate course of prices and purchased quite

## VETERAN RIDER HOPES TO LOWER RECORD IN 62ND TRIP ACROSS THE CONTINENT

"Cannon Ball" Baker, "hitting 'er up" across the plains, and ready for another jaunt after a meal.

When "Cannon Ball" Baker drove his famous four-cylinder Ace motorcycle from Los Angeles to New York in six days, 22 hours and 52 minutes a while back he believed his record would stand for some time. It was his sixty-first trip and he knew the road. A month later Welle Bennett cut seven hours and 39 minutes off the mark. Now Baker is preparing to make his sixty-second trip from coast to coast to lower Bennett's record.

# FORTY YEARS AGO

The Gazette Began a New Era in Its History

By THE EDITOR  
An old Taylor press that had come from Kalamazoo after having served a term at Detroit and was used at one time to print the Detroit Free Press, banged and rattled so that one could hear the noise from Main street to way up Milwaukee, turned out the Daily Gazette each evening forty years ago.

It was doing duty when on April 24, 1883, H. F. Bliss became the largest stockholder, treasurer and manager of the Gazette Printing company. It was what newspaper men would term a junk heap so far as equipment is concerned. Those who saw the "Front Page Story" in connection with the Gazette films recently would have recognized in the office depicted there, something of the mechanical equipment of the Gazette in those days. In addition to the old Taylor, with its three revolutions of the cylinder necessary to print a sheet, there was a pony drum cylinder and a Nonpareil card press made by the Cincinnati Type foundry, long since out of business. There was a strange assortment of type—about what would accumulate in a printing office which had been running as had the Gazette at that time, for 38 years. The body of the paper, editorials down the first page and the local news always printed on the back page, was set in brierly and the inside miscellaneous news and stories in the same. The telegraph news came from Chicago in the form of plate matter set in six point.

R. L. Colvin had advertised the Gazette for sale for several months and also that he was going into the circus business with Burr Robbins who wintered here at the time. But he had no buyers, until daily, H. F. Bliss, a successful man in the wholesale saddlery business, made the deal for the paper, taking in with him "Nick" Smith, who was then editor of the Merchants and Savings bank. J. C. Spencer, noted for a long set of whiskers and later chief of the fire department, and a few other of the employees. Into this junk pile came Mr. Bliss with ambition and hope which was to eventually be realized, but only after a long, hard, up-hill struggle.

The editorial room was in the front of No. 1 North Main street and a box on a string carried the news and other copy to the lower floor on an inclined line. Here the paper was written by Smith and Spencer and while there are a few touches of fine writing, there is a dearth of news generally. The council proceedings read like a report of a stenographer. In the business office was Mike Murphy, the bookkeeper, and general factotum.

The presses were run by John Slightam who is still living in Madison, full of years. The head of the job department was John McCallough who was a good printer and came from Milwaukee where he had learned his trade on the Sentinel.

An assistant, Alex Gifford was another job office employee. J. D. O'Hara, still with the Gazette and the only employee of that time who still remains, was foreman. In those days \$10 a week was a large and generous sum for a man to draw down in cash, store orders or deferred payments as the case might be in a newspaper office.

It must be remembered that there was little labor saving machinery in those days to make newspaper work rapid and give it the high speed attained since. The making of four pages daily was a task done by hand. Each letter had to be taken from the box and placed in the stick and then there was the danger of paying the form or the galley. It took a number of men and women to set the type by hand. In the Gazette office today with seven machines, each capable of doing the work of seven persons, an enormous amount of type is put up.

Under Foreman Jack O'Hara in 1883 there worked Kate Hickey, who resides in Janesville still, Katie Russ, Ollie Belden, Nellie Hickey, Ellen Belden and Florence Barlow, who lives in Delavan where he has been an assessor for several years.

Press time was four o'clock though a half hour difference one way or another made little disturbance. Pipe carriers handled the 400 paid circulation. The total number of papers printed was 800, but a large part of this was for free distribution. The daily circulated but little in the neighboring towns and villages. There was a weekly with about 3,000 circulation and a semi-weekly with less than 300. The whole institution was run down to the lowest ebb before dissolution. One of the early movements was to suspend the semi-weekly when Mr. Bliss came into management of the plant. The larger newspapers had not come into the picture yet. They were struggling with mechanical processes. Mergenthaler had not yet made his type-setting machine and while Bullock had invented a press that would run with plates as we do now, it was a tedious process and presses were restricted to printing 3 pages at a time. Later the Hoe and the Potlows entered with perfecting presses and circulations began to increase.

It was a dark outlook and a hard struggle loomed before H. F. Bliss when he came into the Gazette office and looked over the debt and type metal here and there in more or less confusion and confusion on that April day in 1883. The inhibitions were many, the assets few. It is out of this chaos of a newspaper plant that has come the present Gazette which goes to 12,000 homes daily. It is out of this dark and gloomy office that the present Gazette plant has come with its light and what would be called luxury to the men who toiled at the type cases and wrote with pen on scraps of copy paper the news events of those days. In the files of the 40 years of the Gazette is found the story of

the steps upward and no language can convey all the grief in that long conflict. Nothing ever just happened behind it all is a master mind and a master hand.

## NEWS ITEMS FROM GAZETTE FILES OF 40 YEARS AGO

Daily quips in the Gazette of 1883 amused that was of interest—little happenings and often jokes that were always taken in the right spirit. Often there was a column and a half of them, the first ones being one line jokes—"Nashua Hogan arrested two drunks last evening," then increasing in size, until the last item, sometimes obituaries, or matter of importance were of 15 or 20 lines.

Following are some found in the Gazette of March and April, 1883: Messrs. Palmer and Stevens, druggists, have received a new and beautiful soda fountain from Boston. Roy Dr. Dodge and family took possession of the residence of Hon. C. G. Williams, which they will occupy during the latter's absence in Dakota. The pillars under the new iron railway bridge is being removed, the first or west span, being entirely cleared, and that portion of the bridge can now be seen in all its solidity, strength and beauty.

Mr. C. W. Jackson has sold to Mr. E. D. McKinney, for Albert Hayden, of Chicago, one of the best teams of coach horses that ever left our city. The handsome price of \$700 was paid for them.

There are 57 advertised letters in the Janesville postoffice this evening, twelve of which are for ladies. They can be obtained by calling at the delivery window and saying "advertisers," as directed by postoffice officials.

There will be two aldermen to elect in the second ward this spring, and candidates for the position are becoming quite numerous. Among the most prominent are Mr. J. W. Bates, Thor Judd and W. B. Stoddard.

Messrs. C. E. Conrad and brother now have forty hands employed in sorting tobacco at the tobacco warehouse on South Main street, doing the largest business of any house in the city. These hands are kept at work from the first of January to the first of July, earning on an average of about one dollar per day. The help is mostly boys and girls. The warehouse is a lively place.

The contest for alderman in the first ward tonight will be between Alderman C. A. Potter and Mr. A. McDonald.

Dutton was sentenced by Judge Patton yesterday afternoon to pay a fine of \$10 and costs for his Tuesday evening spree on Main street.

Mr. A. C. Kent is doing immense business just now in manufacturing and shipping his celebrated hand corn-planter.

Milwaukee—Luther L. Canby, for more than 40 years a resident of Milwaukee, and prominent in Masonic circles, died at Riverside Sanatorium Sunday, following an illness of more than a year. Mr. Canby was a 33rd degree mason, past commander in chief of Wisconsin consistory, and past potentate of Tripoli temple, Mysia Shriners.

## THE SALE OF THE GAZETTE

The Janesville Gazette has this day been sold to a new company, the chief shareholder to be Mr. H. F. Bliss, who has been so long engaged in the wholesale saddlery hardware business in this city. He will assume the business management of the paper immediately. Mr. N. Smith, who has been with the Gazette nine years, and during the past five has been editor of the paper, will still hold that position; and Mr. John C. Spencer, thirty years of whose life has been spent in the Gazette office, will be retained as city editor.

The officers of the new company are as follows: President, N. Smith. Treasurer and Business Manager, H. F. Bliss. Secretary, William Bladen. Mr. R. L. Colvin, who has been sole owner of the Gazette since last January and has so successfully managed the business affairs of the paper for the past thirteen years, has bought a one-fourth interest in Burr Robbins, Great American and German allied shows, and during the present season will be manager of the finances of the shows, in which the old patrons of the Gazette will wish him substantial success.—Gazette, Apr. 24, 1883.

## CITY GOVERNMENT 40 YEARS AGO

Simultaneously with the changing hands of the Gazette, city government changed and, on April 24, 1883 the new council had its first meeting. The city government and officials then were:

Mayor, Dr. J. W. St. John; city clerk, Charles E. Church; treasurer, J. M. Haeleton; attorney, F. M. Hyatt; street commissioner, J. A. Blount; justice of the peace, M. E. Prichard and A. D. Wickham; scaler of weights and measures, George H. Davey.

Aldermen, respectively, first through fifth wards—Edward Murdoch and Charles A. Potter; H. B. Holz and S. B. Kenyon; D. E. Pilefield and M. C. Smith; P. J. Lennertz and W. G. Palmer; B. J. Daily and J. D. McLean.

School commissioners, respectively, were C. E. Bowles, C. L. Valentine, William Rager, Charles Atwood and A. O. Wilson.

Constables, in the same order, were John H. Taylor, A. K. Cutts, Charles H. Lee, John F. Drake, Orville Wright.

## IOWA GASTAX BILL VETOED

[By Associated Press.]  
Des Moines.—The two-cent gasoline tax bill, passed by the legislature in the closing days of the session, was vetoed by Governor Kendall on the ground that it failed of its purpose, the equitable financing of highway construction and maintenance.

Ill.—Chas. McTear.  
He—"Were I a raindrop and you a rose, do you know what I'd do?"  
She—"Why, you'd evaporate. I suppose. And so I'd be rid of you."

## CHRONOLOGY OF THE GAZETTE FOR 78 YEARS OF ITS LIFE

1845—August 14, Levi Alden, a teacher, and E. A. Stoddard, a printer, established the Janesville Gazette. The first two numbers printed on Thursdays and thereafter on Saturdays of each week.

December 4—E. A. Stoddard sold his interest to William F. Tompkins and the name of Henry Gratian appeared as printer. Levi Alden was the sole editor and responsible for the editorial policy.

1846—August 22—Beginning of second volume. Paper enlarged to 22 columns.

September 28—Name of Tompkins dropped from editorial columns and that of Henry Gratian substituted without explanation.

1847—April 17 to May 15, publication suspended owing to non-arrival of paper shipped from Buffalo, N. Y., by lake to Milwaukee.

1848—More and later news now available, coming by telegraph. The Gazette, early availed itself of the modern methods in obtaining news.

September 14—Henry Gratian left the partnership, going to Ercott and Levi Alden became sole editor and proprietor.

December 7—Half interest, sold to Charles Holt, a man of resource and action, the firm becoming Alden and Holt.

## ADVERTISEMENTS IN THE GAZETTE IN 1883

Advertisements of local and outside concerns—stress on the local in the days of '83 made interesting reading now in comparison with the much-studied and carefully planned advertisements of the Gazette today. Then, anything was good that attracted attention. The right impression was not considered and reader psychology was an unknown term. Some concerns wanted their money's worth when they advertised, and listed what seemed to be most of the goods in the store. One thing noticeable was that few prices were published—perhaps merchants then knew more psychology than is given them credit for.

Those were the days of the electric belt, the patent nostrum and the questionable ad. There was no censorship and the post-office department had not begun to take cognizance of the small fraud.

Following are some of the names of the local advertisers in the April issue of The Gazette when it was taken over by H. F. Bliss:

J. C. Plumb, Milton, fruit and shade trees; Myers Opera house, C. E. Moseley, manager; Prentiss and Evanson, ticket agent; Wheelock's Crockett story; R. H. Morris, upholsterer; J. M. Boatwick (having a big sale on their first anniversary); M. C. Smith, New York Cash store, dry-goods; F. S. Lawrence and Co., hardware; Mark Ripley, insurance office; local postoffice opposite Rock County National bank; George W. Shaw, restaurant; saloon; James A. Pathe, harnesses and bicycle; William Sessler, harnesses and trunks; Mrs. William Sessler, hair goods; John G. Saxe, insurance; H. S. Blanchard and Co., clothing; Scanlan, lawyer; T. Judd, dentist; B. T. Sanborn, physician and surgeon; Hyzer and Clark, attorneys at law; J. B. Dow, attorney at law; S. K. Gish, dentist; George H. McCaussey, surgeon dentist; Dr. M. A. Newman, dental surgeon; Gazette office (advertising blanks for convertible accounts with Rock Co.); Hanchett and Sheldon; J. A. Dennison, grocer; Ephraim Books, Schlicht representative in Janesville; Green and Rice, baby carriages and crockery; many legal notices; F. B. Brewer, physician; St. Paul and Northwestern railroads; Foote and Wilcox, clothing; William M. Eldredge, Empire Drug store; J. Sutherland and Sons, wall-paper; Casaday and Griswold, painting and paper-hanging; Campbell and Stevens, real estate agency.

Often ads once set up, were run for months without a single change. It occurs frequently that two large scratches are put across an ad, presumably one that the cost could not be collected, but the scratches indicated their own end, for the ad took the eye at first glance of the page.

# Season's Single Team-Mark Made; Merricks Hit 1033

## ROLL INTO THIRD IN TEAM DIVISION OF CITY TOURNAMENT

Monday was the most eventful night so far in the city bowling tournament. Though none of the leaders was displaced, a new season's record was set up and were the meet not being handled on a handicap basis, a new leader would now be sitting in first place in the team event.

The Merrick Dally company five scattered the maples for a grand total of 2,833 for third place in the tournament. Their actual count of 2,823 is second high for the season in Janesville and the best tally so far in the meet. The season's record for the city is 2,860, held by the McNeil hotels.

**Hit Single of 1033.**—Where the season's record comes in is in the third game rolled by the millmen. They got a 1033. This is 24 pins higher than the previous mark here this year, held by the McNeil hotels with 1,009.

Hitting 1,033 is some bowling. Milton Cook, anchor man of the quintet, held the team steady with a count of 246. Newman, lead-off man, had 214; Dickerson, 190; L. Van Dozen, 192; and E. Merrick, 191.

The Merricks started off with 876 and would have gone over 900 except for a count of 141 by Merrick. In the second game, they gathered 914. Cook's anchor man of the quintet, held the team steady with a count of 246. Newman, lead-off man, had 214; Dickerson, 190; L. Van Dozen, 192; and E. Merrick, 191.

**Two other new names** appear Tuesday among the leaders in the team section. The Cronin Dally outfit, it slipped into fifth on a count of 246. The Cronin Dally outfit, it slipped into fifth on a count of 246. The Cronin Dally outfit, it slipped into fifth on a count of 246.

## Busy Man's Sport Page

By FRANK SINCLAIR

ONCE they used to call George Ruth the "King of Swat." In those days he didn't have much of a kingdom and stood out, purple robe and all, crown and shoulders above the motley gang of national pastimes. But while the "Babe" lost his royal handle last season, he certainly still has something to brag about. Last year there was plenty of home runs. And this—by the horse's hide—looks as if it is going to need a man with a closely meshed net on a pole to pull down the four baggers as they hurtle over the "bull" end of 'em sign.

FLOYD A. ROWE, director of physical culture of Madison high schools, believes in the women. He says: "Girls are good baseball players when they have a chance. We've developed some excellent girls' teams in Madison high schools. After a generation or two of sound physical training, you'll see men hating to hold the baton in almost all forms of athletics."

ACTION of the Illinois legislature in passing a memorial commending the late William W. Taft, president of the United States, while in convention at Chicago last week is more than an incident. It brings out that the "dicks" have gained a remarkable foothold in the halls of law-making. More than that they have gained the respect of legislators because they are going out for conservation, not for more fish for themselves, but with the idea of providing for future generations.

THE LAKOTA CLUB of Janesville comes through with the decision to get behind amateur athletes in Janesville. What could be better than the representative young men's organization of the city taking such a stand. It is the idea of the Lakotas to boost for the youngsters of the city and give them every chance to get out and have a good time. It is the idea of the Lakotas to get behind every worthwhile movement for amateur sports and as a result, the Lakotas are now in the process of entering a team in the city amateur baseball circuit.

THAT idea of a municipal golf links for Janesville in the new river park apparently is gaining heavy. One fellow called the writer on the phone Monday and was anxious to get something started at once. In making the rounds of the various places in the city where men gather many others are found who have been thinking of such a thing for quite a while. There are a number here who would like to play the ancient Scotch game who cannot afford the price to join the country club.

Agitation grows to send Wisconsin crew to Poughkeepsie regatta.

Scraps About Scrappers—Plymouth, Iowa, heavyweight, given decision over Fred Fulton of Minnesota, at New York (12).—Frankie Gennaro, flyweight champion, wins at Chicago from Ted Moore was called on unintentional foul (8).—Jimmy Nuss defeats Steve Chomski at Milwaukee (10).—Jack Zillies draws with Joe Stoughton at Milwaukee (8).—Ritchie Mitchell, Milwaukee light-weight, to fight Willie Jackson at Milwaukee next Monday. Jackson replacing Johnny Dundee who wanted too much money. Jimmy Delaney, middleweight, and Bob Corbett fight at Fond du Lac Tuesday.—Rockard announces McKelvie and Carpenter have signed to meet at New York July 14.—Johnny Wilson, middleweight champion, trains at Chicago and seven hours before he was to meet Italian Joe Gatti Monday night, he has twisted ankle.—Harry Leonard, Philadelphia, flyweight, and Harold Smith, Chicago, meet at Windy City Tuesday

## PLAY PROCEEDS TO GO FOR MEMORIAL

Bronze Tablets for War Vets, Object of Lions Booking Play.

Perpetuation of the names of those Janesville men who served and those who gave their lives in the world war is the motive force of the Lions club project in bringing to Janesville the famous Taylor Holmes and his Chicago cast in the mystery play "The Red Car." Two night performances will be given at the Janesville high school auditorium next week, May 1 and 2.

The names of the former service men will be embossed on heavy plates, to remain for time immemorial, a token of the esteem of the present generation. The project was started many months ago and has been carefully considered by the Lions club committee. If the old high school is secured as a memorial building, the Lions will favor placing the tablets there; otherwise, in some other suitable place. One plan does not interfere with the other.

Want 2,500 to See Play  
There are 4,000 seats in the new high school auditorium, the finest in the state, and the Lions are bending every effort to have all seats occupied every night. It will be the first large production staged there, and special arrangements will be made for hanging the scenery. Anything brought especially for the play by the Lions probably will be donated to the high school.

Leon B. Ramsdell, advance agent for the show, which comes here from Milwaukee and Madison, was in Janesville this week consulting with the Lions club.

Two dollars is the top price for seats and other seats may be secured at \$1.50 and \$1. No war tax will be charged under the federal ruling that the project is exempt.

"The Red Car" is a mystery play. Certain positive facts are presented. Certain characters appear, each playing his or her part with all his might. The solution of the mystery comes at the conclusion of the last act, with a suddenness that causes many to gasp in astonishment.

Holmes is "Prime Hook"  
Holmes is starred, as the drawing, whimsical, apparently "prime hook" who has been fired from more jobs than there are prohibition agents. He dawdles along until almost the end as a crime "defector".

D. J. Macdonald is general manager of the Lions committee. Irwin Nye is in charge of publicity, and George Hatch, the production. Out of town sales will be handled by Frank Doane, Al Huebel and Harry Shurtliff.

Every member of the Lions club has tickets to sell and they can be secured at the following business places in the downtown district: Devey & Bandt, Bradley Connerly, Merchants and Savings and First National banks. Nye's primary, Reliable Drug store, and Wisconsin Electric Sales. The advance tickets will be exchangeable this week for reserved seat tickets.

## MACE AND TATMAN SUE FOR \$2,800

A suit on account and notes for \$2,887.76, has been started in the Rock county circuit court by Henry J. Casey, Janesville, against A. L. Mace, and John Tatman, doing business at 405 West Milwaukee street as Mace and Tatman. It is alleged that rent at the rate

of \$140 a month is due from Nov. 1, 1922 to April 1, 1923, a total of \$840; that a promissory note for \$3,500 given the First National bank Dec. 30, 1922, assigned to the plaintiff, and another for \$550, issued March 27, are payable.

The plaintiff states that while the \$550 note is not due until May 26, "he has paid reasonable to believe that defendants are about to assign, convey, dispose and conceal their property or part of property, with intent to defraud creditors."

## RYAN CONTINUES ON U. S. COURT CASES

Assistant United States District Attorney Stanley M. Ryan continues at Superior this week, representing the United States in the prosecution of criminal cases. Minor cases were heard last week, and trial of defendants for more serious offenses is expected for this week. Ryan is prosecuting the case of Henry Swanson, Gilbert, Minn., was sentenced to three months in the house of correction when he pleaded guilty to four counts.

## FOOD SHOPS ASKED TO PUT UP SCREENS

Believing spring to be here to stay, Dr. Leigh J. Woodworth, city sanitary inspector, calls on the restaurant proprietors to make the paintings of their kitchens a part of the spring cleanup.  
"It isn't too early for the owners of shops who food and drink is sold to put their screens and screen doors in place, after fixing them up," says Dr. Woodworth.  
"Ashes should be hauled away," as that when the spring cleaning is launched attention may be turned to other things."

## U. W. ATHLETES TO AID LOCAL CIRCUS

Definite word has been received by A. E. Bergman of the Y. M. C. A. that the members of the University of Wisconsin gymnastics will furnish part of the entertainment for the Y. M. C. A. circus, May 4 and 5. Some of the athletes who will come will be remembered for their work at the Rotary circus two years ago at the Samson foundry. All will be under the direction of G. B. Linden, while some of them will be Kubosch, Jett, Burns, Keichen and North. Other arrangements for circus features are rapidly going forward and the best circus yet held is being hoped for.

## COUNTY NURSE BUSY IN EVANSVILLE

Miss Anna Leutacher, Rock county nurse, is in Evansville completing her survey of health conditions among school children which she has been making for 10 days. Every child in the grades has undergone a thorough examination and the teeth of the high school children will be examined. A corrective campaign will follow.

## 20 ACCIDENTS ON CROSSINGS; 2 DEAD

(By Associated Press.)  
Madison—The railroad commission reports 20 accidents on public grade crossings during the last three months, resulting in the death of two persons and injuries to 18. Seventeen of these accidents involved automobiles with two persons killed and 15 injured. Steam railroads have reported a total of 105 accidents, the commission said, with 20 fatalities and 73 casualties. Of these, trespassers furnished eight killed and five injured. It is reported.

## COUNTY TO START PAVING THIS WEEK

Stretch Between Leyden and Pit to be Completed First.

County Highway Commissioner Charles E. Moore is concentrating his machinery and forces at the camp at the sand and gravel pit five miles south of Evansville, preparatory to starting construction work this week on the stretch between Leyden and Pit. The work will be towards Janesville for two miles and three-quarters to complete the stretch between the pit and Leyden, left unfinished last year. A force of 40 men will be employed.

Contractors recently awarded grading and gravel jobs on Rock county highways are gathering their equipment and will soon start work. William J. Lathers, Jr., Shoppe, moved his equipment to Edgerton Monday, to complete some work at the north end of the city, left undone last year. He was awarded the contract for the Janesville-Shoppe road, which he will complete after the Edgerton job is finished.

## VALUABLES STOLEN FROM PARKED CAR

An automobile owned by John Schumacher, route 7, Janesville, was looted of a leather bag, a suit of clothes and \$18 in cash Saturday night, according to a report to the police. The articles were taken while the machine was parked on South River street.

## Mrs. Harry Kagel

ARE YOU A MOTHER?  
Health Is Most Vital to You. Hear What Mrs. Kagel Says About It.

La Crosse, Wis.—"Motherhood left me with weakness that caused me to become very nervous and weak. My back ached, I suffered from dizziness and fainting spells and my health was miserably poor. My mother-in-law advised me to try Dr. Pierce's Favorite Prescription and I can say it is the best medicine I have ever taken. It relieved me entirely of these ailments and made me a strong and healthy person. I can highly recommend Favorite Prescription as a woman's medicine."

Buy this "Prescription" now of your druggist and you'll find that restored health brings beauty and good looks. Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free medical advice, or send 10c for trial pkg. tablets. Advertisement.

## Twilight Club Will Meet With "Ikes," May 15th

The Twilight club committee has voted to hold a joint meeting with the Janesville Izaak Walton chapter, May 15, and the Izaak Walton chapter, has secured Dr. Preston Bradley, master of the People's church of Chicago and a noted conservationist, as the speaker. It was because of the desire to have as the speaker such a noted man as Dr. Bradley, that the final meeting of the Twilight club was postponed one month. It will be ladies' night for the Twilight members on May 15. The largest gathering held here in several months is anticipated and negotiations are being made to secure a hall larger than that of the Y. M. C. A. for the banquet. The program is now being worked out.

## APPLETON MAN TO OPEN STORE HERE

The store at 206 West Milwaukee street, vacated by the Glasgow tailors recently, will be occupied by the Denver tailor shop. The store is being redecorated and will be opened May 1, by Mr. Demos who comes here from Appleton.

## Miss Janesville Says Adequate Marking of Roads Planned

Janesville has long talked of a community band stand, is one going to be placed in the new park? A band stand, gravel walks, trees, green grass all round, the winding river in the distance—what could be a better setting for a band concert?

When the new park is laid out, in addition to the zoo which a great many people would like to see, please do not forget a botanical garden.

The community concert at the high school Sunday was again proof that Janesville has talent. Concerts of that sort not only bring forth the talent and benefit the public, but serve as an incentive for making Janesville a musical center.

Green and red crepe paper decorations hanging from one of the beautiful light fixtures in the high school auditorium is like the beautiful woman who rouges an already dainty complexion.

Those Chevrolet employees who paid to ride up town in the bus Thursday night received entertainment as well as transportation. An exciting fast night was going on near the plant to settle a little dispute and the obliging driver stopped until the going sounded.

## ADEQUATE MARKING OF ROADS PLANNED

State Arranges With Counties; New Series of Warning Signs Prepared.

The state highway commission announces arrangements have been entered into with all counties of the state for adequate marking and signing of roads this spring. A new series of warning signs have been adopted and will be in effect, according to information received by Rock county road men.

Railroad crossing signs will be the present circular sign in general use on highways.

Slow signs will be two feet square erected with the corners of the sign vertical and horizontal, forming a diamond shaped marker. This is to be erected at dangerous hills and curves, where highways or bridges are under construction, or at other place where the driver should slow down for his own protection.

Oblong Turn Signs  
Caution signs will be the same size, two feet square, but constructed with the sides horizontal and vertical, or in other words, erected square. This sign is to be used at road intersec-

## DRUG CHARGE COSTS \$2,200

Chicago—Dr. J. C. Gury, owner of the People's hospital, Monday, was fined \$2,200 by regional Judge Wilkerson in indictment, charging violation of the narcotics act.

## GARBAGE CONTRACT EXPIRES MAY 15

The 1923 garbage collection contract award will be recommended by the city board of health May 5. Bids are now being advertised for. Alva Maxfield, Janesville, has done the work two years and it has been satisfactory to the health department. The city has four trailers for the work. The Maxfield contract expires May 15.

## PARKERS LEAVE PERU FOR CHILE

**Come in Tomorrow During Our Big HOOSIER SALE**

**—and Learn How Kitchen Work Can Be Made EASY**

Most women waste miles of steps and hours of time every day, in the stuffy atmosphere of the kitchen. Come in tomorrow and find out how to avoid that useless waste of time and energy.

Even though you have no idea of buying now, come in while our special demonstration of the great HOOSIER cabinet is on. You'll not be urged to buy. But you'll see the most wonderful demonstration of kitchen short-cuts ever held.

**HOOSIER New Silverware Drawer**

A special drawer with removable velvet pad—gives you a splendid place to keep your silverware. Also has handy compartment for tea towels. This drawer, which slides backward and forward with the extending work-table, is always easy to get at. It is one of many new and EXCLUSIVE HOOSIER improvements.

**HOOSIER And Our Special Proposition**

The HOOSIER is the unchallenged leader of all kitchen conveniences. It is used by over two million housewives, many of whom live in this community.

Just read about this week's special inducements in the column to the left, and you will make up your mind to have a HOOSIER now. As a matter of fact, if yours is an average "so-called" modern kitchen, you can't afford to do without the HOOSIER another day. Women who have no HOOSIER pay for it over and over again in wasted time and strength.

**Where—this summer?**

THIS is the time of year when the Prospective Vacationist knits her pretty brow and asks herself, "Where—this summer?"

The best of all possible answers is:

**Yellowstone Park**

Do you realize that a round trip ticket from Janesville to the park costs only \$56.50 and that the standard Yellowstone Park tour can be made for \$54 if you stay at hotels—\$45 at the camps? Meals, lodging and motor transportation are included.

Last year, two hundred thousand people made the Yellowstone, Pacific Northwest trip and their only regret was that it was not longer. Beyond Yellowstone is the great

**Pacific Northwest**

Too expensive? Not! Greatly reduced round-trip rates, May 15 to September 30, to pretty nearly everywhere in the Great Northwest.

What's there to do and see? So many things that if you stayed twice as long as you will, you would not see or do half of them.

Butte, the greatest of world's mining camps.  
Helena, city of gold and romance.  
Missoula, gateway to the Flathead and Bitter Root countries—two of the most delightful mountain regions in America.  
Spokane, capital of the Inland Empire. Location of one of America's fine hotels—the Davenport.  
Portland the Rose City, beautifully situated on the Columbia with snow-tipped Mt. Hood on the horizon.  
Seattle and Tacoma, those lusty young giants of the North Coast.

On your way West, you will see more mountains than you thought there were in all the world; charming lakes; and scores of rushing rivers. And everywhere and always, the climate is as nearly perfect as it would be if the ordering of it were in your own hands.

I should like to plan a Pacific Northwest Vacation for you. You will enjoy the trip tremendously. Ask for booklet "Y."
